## Role of Committees

Updated: August 2021

The Bay View committees' role is to support the Board of Trustees, President, officers and staff of the Bay View Association. Committees provide recommendations to the Board of Trustees, research issues, collect facts, connect to other committees to support initiatives and communicate committee minutes on a timely basis. Committees focus activities and actions from annual committee initiatives requested by the President of Board of Trustees of the Bay View Association to support the annual plan or objectives of the Association.
